Objective

Aspiring Frontend Developer with solid knowledge in Java, SQL, and Frontend Development. Currently pursuing BCA from University of Allahabad, seeking a challenging role where I can leverage my skills to contribute to innovative web applications.

Education

Bachelor of Computer Applications (BCA)

University of Allahabad

Expected Graduation: 2026

Projects

- **Amazon Web Clone**

Created a responsive e-commerce clone using HTML, CSS, and JavaScript, featuring a product listing, shopping cart, and payment gateway integration.

- **Tic-Tac-Toe Game**

Developed a two-player Tic-Tac-Toe game in Java, implementing a win-check algorithm and a user-friendly interface.

- **Stone-paper-Scissor Game**

Built an interactive game using Java, focusing on gameplay logic and user experience.

Experience

No formal industry experience, but possess a strong understanding of frontend development, Java, and SQL databases through academic and personal projects.

Technical Skills

- **Frontend Development:** JavaScript (ES6, React, Next.js), HTML, CSS/SCSS
- **Databases:** SQL, MongoDB
- **Backend Development:** Java

Soft Skills

- Time Management
- Team Player
- Fast Learner
- Curious and Enthusiastic about Learning New Technologies

Hobbies

- Solving Rubik's Cube
- Designing
- Learning about Computer Architecture
